To help give back to our section and to contribute to moving our section forward

What is the biggest challenge our organization/members face and how would you address that as a member of the Board?

How to continue to grow the game in our section and beyond, make an impact on the communities our members live and work in, and how can we best support our PGA Members and Associates to continue enhancing their careers and making our profession a valid and prosperous career for people to aspire to enter and remain in. Requires a continual "open-mind" process to keep up with our ever changing world and workplace, so we can never get complacent.
